

CONSIDER THE SIGNIFICANT BENEFITS OF ASSET PROTECTION

Imagine your vehicle is declared a write-off by your insurer due to an accident, flood, fire or theft.

Now imagine discovering that your insurance company settlement will not match the original price you paid for your vehicle.

This is a scenario faced by motorists every day. Even if you are not liable, you are almost certain to find a shortfall between the amount you receive in settlement and the price you originally paid.

This shortfall could be a significant sum depending on the rate of depreciation of your vehicle during the period of insurance.

Who will protect you against this financial loss?

For peace of mind and for the protection your vehicle needs, consider the cover Asset Protection can offer.

Asset Protection is an OPTIONAL facility available from this dealership. Our sales consultants will be happy to answer your questions or clarify the policy benefits and exclusions. You should be aware that similar products may be available elsewhere to purchase directly. However, as with any insurance policy, you should confirm that the cover levels of alternative facilities are suitable for your needs.

HOW ASSET PROTECTION WORKS

Asset Protection incorporates Return to Invoice cover (or RTI) and Finance Guaranteed Asset Protection (or Finance GAP).

RTI is designed to pay-out any difference between the settlement made by your motor insurance company and the price you originally paid for the vehicle.

If your vehicle is written off, Finance GAP pays the difference between the settlement made by your motor insurance company and the amount you still owe on your finance agreement.

Asset Protection covers you however you paid for the vehicle and will pay-out the greater of the Finance GAP or RTI amount, up to the purchase price of the vehicle.

However, there are specific exclusions (please see next page).

How Return to Invoice (RTI) works

Can you give me an example?

You pay £18,500 for your vehicle. Your vehicle is written off. Your motor insurance company pay-out is £12,000. An RTI pay-out of £6,500 tops it up to the price you originally paid.

How Finance Guaranteed Asset Protection (GAP) works

Can you give me an example?

You pay £18,500 for your vehicle. Your vehicle is written off. Your motor insurance company pays out £12,000 but you still owe £19,200 on your finance agreement. A Finance GAP pay-out of £7,200 makes up the difference.

SIGNIFICANT BENEFITS*

Policy duration:

Cover is available for varying durations, depending on your requirements and according to the terms of your finance agreement. Cover ends earlier in the event of a paid claim or if the vehicle is no longer in your possession.

Excess:

Provides a contribution of up to £250 towards your insurance policy excess.

Claim:

A range of claim limits are available depending on the premium paid and the purchase price of your vehicle.

Vehicle accessories covered:

As long as accessories are fitted by the dealer and are manufacturer approved, we will cover up to £1,500 of extras. Manufacturer fitted accessories are covered.

Transferable:

If during the first year of cover, the vehicle is written off and you get a replacement vehicle on a “new for old” basis, you can transfer the remaining duration of the policy to your replacement vehicle free of charge. You may then subsequently, at any time, transfer any remaining period of insurance on the policy due to a further change of vehicle, on payment of an administration fee of £35, as long as the replacement vehicle falls within the price range specified in your policy schedule.

Cancellable:

If, for any reason, you wish to cancel your policy and you do so within 30 days, and no claim has been registered with AutoProtect during this time, we'll give you a full refund. After that, you may still cancel at any point, subject to a £35 administration fee. You may receive a pro-rata refund which will reflect the length of the term remaining.

Simple to arrange:

Your sales consultant will be happy to answer any questions you may have and confirm your eligibility for Asset Protection.

SIGNIFICANT EXCLUSIONS*

As with all insurance policies there are some circumstances for which Asset Protection will unfortunately not cover you.

You must have in place a fully comprehensive motor insurance policy issued by an authorised UK motor insurer which insures against accidental loss and/or damage to the vehicle throughout the period of insurance.

In the event your motor insurer rejects your claim and a settlement payment is not made you will not be covered by this policy.

We are unable to cover all vehicle types. You will be excluded from the benefits of this policy if:

- The vehicle has been modified in any way from the manufacturer's specification.
